10am-3pm. Ages 8-13.

\$100/\$125 (members/non-members)

To register: www.sunshinecoastartscouncil.com

We're pleased to partner again this year with the Arts Centre to offer 3 children's workshops, each combining art-making with learning about local biodiversity. In the mornings participants learn to draw, sculpt and paint the rich and varied life of the Coast led by a senior artist/teacher. In the afternoon, walks and discussions take over as we explore the rich life forms that populate this special part of the Pacific Northwest, and learn about how we can all become environmental stewardship super-heroes!

Each workshop culminates in an exhibition of work in our community gallery with a reception

Summer Art and Conservation Workshops for Kids!
