

The [Sea to Sky Clean Air Society](#) is holding an information meeting on **Thursday October 17th**, at 12:30 pm to enable SSCAS to share its progress over the past year and provide an overview of what lies ahead.

Participants will have an opportunity to share ideas and express any concerns related to air quality in the airshed, and to update the group on their clean air initiatives. The aim is to build and strengthen partnerships in our region.

The meeting will run from 12:30 pm to 4:30 pm at [Chaster House](#), and includes a light lunch. For more information email seatoskycleanair@gmail.com.
